

Dear Burleigh, —

I have put up a parcel of Hymns as you requested (the best we can do), and shall request Fop to take them to Cummings town. — None of Parker's letters in paper covers can be had, & no more are to be printed. If you want those bound, write again to Wallcut, & he will endeavor to send you some, tho' the chance of Remond's calling here to get them is small; and as I am to be out of town, I cannot promise my agency in the matter.

Thank you very much for your bit of news, & information.

21 Canby, Nov. 16/59

Truly M. J. M. P.
